STRAIN PROFILE

RSO (Rick Simpson Oil) is a potent cannabis concentrate rather than a traditional flower strain, known for its dark, resinous appearance and extremely high THC content. It's produced through full-plant extraction methods and is prized for its therapeutic potential and intense, long-lasting effects. This concentrate is typically consumed in small amounts due to its powerful strength.

TERPENE PROFILE

REPORTED EFFECTS

- Relaxed
- Pain Relief
- Euphoric
- Sleepy
- Calm
