STRAIN PROFILE

GMO (Garlic, Mushroom, Onion) is a pungent indica-dominant strain known for its intensely savory, garlic-forward aroma that's unmistakable in any room. This potent strain delivers heavy-hitting effects that promote deep relaxation and couch-lock, making it ideal for evening use. Despite its funky smell, GMO has gained a cult following for its powerful sedating properties and unique umami flavor profile.

TERPENE PROFILE

REPORTED EFFECTS

Relaxed	Sleepy	Euphoric
Hungry	Calm	Tingly

Terpene profiles and effects are AI-generated estimates and may not reflect this specific batch.
